REPORT OF COUNTY COMMISSIONERS.

To the Citizens of Hillsborough County :

We herewith submit the fifty-sixth annual report of the commissioners of Hillsborough county for the fiscal year ending Dec. 31, 1902 with the reports of all other county officers for your consideration.

That part of the expenditures under the direction of the commissioners we have endeavored to so classify them that you may readily see where and what the money was used for. All accounts presented to us for payment we have endeavored to be guided by the statutes and only allowed such bills as the laws direct. The commissioners would recommend that many of the present laws should be amended and the pauper laws especially be revised.

FINANCIAL CONDITION.

The financial condition of the county taken from the treasurer's report shows considerable reduction in the expenses during the past year. There was appropriated \$170,000 to meet the running expenses and interest. The amount expended was \$142,177.87 leaving a balance of \$27,822.03.

As the net floating debt is less than one thousand dollars and provisions made for payment of the county bonds when

due we see no reason why the appropriation cannot be considerably reduced for the next two years.

The legislature of 1901 and 1902 passed an act authorizing Hillsborough county to issue bonds of the county not exceeding \$130,000 for the purpose of building new court houses at Nashua and Manchester. The commissioners have not issued the bonds and would recommend that the next legislature be asked to amend the "act" so they may be exempt from taxation to the citizens of Hillsborough county, interest not exceeding three percent.

COUNTY ALMSHOUSE.

The county Almshouse has been under the same management with nearly the same staff of officers. Additional attendants and nurses have been engaged for the hospitals and incurable insane making a large increase in the amount paid out for wages. Some provisions should be made where those suffering from tuberculosis or consumption can be removed and treated in a separate building. There have been only 63 prisoners committed to the House of Correction during the year, a weekly average of 19, which is the lowest in the history of the institution.

POOR OFF THE FARM.

There have been 1981 persons directly and indirectly assisted during the past year at their homes or in the towns where they reside at a cost of \$32,865.75. Miscellaneous aid to the amount of \$3,721.75 this includes those supported in the several benevolent institutions, hospitals, in other counties, and amount paid for transportation. There

has been 27 persons at the New Hampshire hospital at Concord who have been wholly or partially supported by the county at an expense of \$3,168.90.

The actual amount paid out by the county for the assistance and care of the poor off the farm was \$6,849.21 less than the proceeding year.

BOARD OF CHILDREN.

The cost of supporting children in the several orphanages in the state continues to gradually increase. The county paid the past year \$9,338.01 for the board of children, under the existing laws it will continue to increase and will soon be one of the largest items of expense to the county.

JAIL.

The Jail at Manchester continues under the same management. There were 168 prisoners committed to the Jail during the year, weekly average 49, total cost \$10,155.19. On our several visits at the institution we have found the prisoners as comfortable as the circumstances would permit. Good wholesome food furnished and well treated. The general health has been excellent.

NEW COURT HOUSES.

A sum not exceeding \$65,000 was appropriated to purchase a lot, erect a court house and furnish the same at Nashua and the same amount for Manchester.

The commissioners are pleased to report that the court house at Nashua is nearly completed. The building will

REPORT OF SUPERINTENDENT OF COUNTY FARM.

To the Honorable Board of Commissioners of Hillsborough County:

GENTLEMEN—I herewith submit my annual report for the year ending Dec. 31, 1902.

To you, who are familiar with the requirements and management of the institution, extended remarks are unnecessary.

The weekly average of paupers during the past year has increased over former years while the average number of prisoners committed to the House of Correction has been less than any year since my connection with the institution.

There have been very few changes in the list of officers, additional attendants and nurses have been engaged which makes our monthly pay roll in the several departments much larger than previous years.

The hospitals and insane department are under the supervision of C. A. Weaver, M. D. Nearly all those received at the institution are in need of medical attendance and we believe the county has a faithful and competent physician.

A school has been maintained at the institution with a few scholars, nearly all feeble minded.

I wish to thank all societies and persons who have kindly given their assistance and contributed presents for our Christmas trees and to help make the inmates more contented and happy especially the W. C. T. U., the Baptist society and Junior League of Grasmere, the First Baptist

church of Manchester and the several parties who have kindly furnished us with entertainments and sent books, magazines and papers for the institution.

Rev. J. A. Peacock and Fr. John F. Brophy who have faithfully attended to the spiritual welfare of the inmates have our gratitude. To the officers, attendants, nurses and all who have aided me in my duties I appreciate your co-operation.

Respectfully submitted,

HORATIO K. LIBBEY, *Superintendent.*

REPORT OF COUNTY PHYSICIAN.

To the Honorable Board of Commissioners of Hillsborough County :

GENTLEMEN :—In making my report as physician to the Hillsborough county almshouse I would say the whole number cared for at the institution during the past year was 735. The hospital has been well filled with all classes, many coming to the institution sick, disabled by accident, or broken down in health from many causes, in fact there is something the matter with all the inmates or they would not be there.

The institution has not been invaded by any contagious disease save one, that being diphtheria, which was brought there by an inmate. The result was, two contracted the disease, they were removed to the pest house where they were isolated. They recovered and no other cases developed.

The insane have been very comfortable the past year and their condition made as well for them as can be done.

The superintendent with the assistance of the faithful officers in the various departments have well maintained the reputation of the institution for cleanliness and humane treatment of the inmates.

I wish to thank you, Mr. Commissioners, also the superintendent, matron and all officers for the courtesy at all times shown me.

Respectfully submitted,

C. A. WEAVER, M. D.

CHAPLAINS' REPORT.

To the Honorable Board of Commissioners of Hillsborough County:

GENTLEMEN:—Since my appointment as chaplain, which was in March 1902, I have had great pleasure in fulfilling to the best of my ability the duties connected with such office.

Nearly every other Sunday I have preached to a most attentive audience. Several times Christian workers from Manchester have assisted in the services. At Easter and Christmas the choir of the Grasmere Baptist church furnished special music much to the enjoyment of the inmates. At each service there is singing of familiar hymns by some of the officers of the institution. This has added a great deal to the interest.

I feel that the seed sown in the preaching of God's word is not in vain. Some, if not all, of those who listen are comforted and benefited. Their thoughts are turned to the higher things of life for one brief hour, yet who can estimate the good which such reflection is capable of doing!

Much of the encouragement which has come to me in my work is due to the appreciation of your efficient superintendent and his helpful corps of officers. They have made me feel at home in my new work and to them I am most exceedingly grateful for all courtesies shown.

J. L. PEACOCK.

To the Honorable Board of Commissioners of Hillsborough County:

GENTLEMEN:—Another year has gone by and there is little if anything to add to my first annual report. I have attended to the religious needs of all, especially the sick and infirm. Services have been held regularly and frequently. I have endeavored, in my humble way, to instruct those entrusted to my care in the truths of the Holy Gospel and I cherish the hope that I have not preached in vain.

I can but renew with pleasure my thanks to Mr. and Mrs. H. K. Libbey and other officers of the institution for their uniform kindness to me on all occasions and for their agreeable arrangement of things for both the inmates and myself.

Trusting my mission has afforded consolation and satisfaction to all concerned.

I remain

Respectfully,

JOHN. J. BROPHY.

REPORT OF THE COUNTY SOLICITOR.

To the Honorable Board of Commissioners for the County of Hillsborough :

At the January term, 1902, there were sixteen continued cases upon the docket, and at that term fifty-four indictments were returned, two informations were filed, and two appealed cases were entered, a total of fifty-eight new cases for the term. At the May term thirty-five indictments were returned, one information was filed, and 101 appealed cases were entered, a total of 137 new cases for the term. At the September term 149 indictments were returned, three informations were filed, and 129 appealed cases were entered, a total of 281 new cases for the term, and of 480 new cases for the year. In addition to the foregoing, thirty-seven petitions for injunction were drawn and filed in which the chief of police of Manchester was the petitioner against various parties in that city for maintaining liquor nuisances ; and 157 complaints and warrants were drawn and put into the hands of the sheriff for service against various parties in different sections of the county for the illegal keeping for sale of spirituous and malt liquors. All of these cases have been diligently prosecuted and in nearly all of them results have been attained that were favorable to the interests of the county. Owing to a variety of causes that was beyond the control of the solicitor it was not possible to dispose of quite a large number of the appealed cases entered at the September term, and

these together with a few indictment cases, making fifty-seven in all, will be continued to the January term, 1903.

Charles H. Hawkins was mentioned in my last report as then awaiting the action of the next grand jury for the fatal shooting of Mrs. Eva Eudora Brooks at Nashua, on Dec. 14, 1901. He was by that grand jury indicted for the crime of murder in the first degree. Hon. Charles J. Hamblett and Jeremiah J. Doyle, Esq., were appointed by the court to conduct his defense. In the progress of the preparation for trial it was learned that Hawkins had been the subject of epileptic fits from childhood and, although not insane, his power of self-control had become greatly weakened and he was subject to violent outbreaks of passion upon the slightest provocation. The evidence showed that the act was committed when Hawkins was in anger, and probably in a rage of passion. Acting under the advice of his counsel he offered to plead guilty of murder in the second degree. This plea was accepted by the state and under the power conferred by the legislature of 1899 Hawkins was sentenced by the court to imprisonment for life.

During the last twelve months the county has been remarkably free from crimes of a serious character. In August last the station and express agent at Goffs Falls was robbed of \$2710 by a masked man who made his escape. This was one of the boldest crimes recently recorded and the early discovery and prompt punishment of the robber is to be hoped for by all law-abiding citizens.

Respectfully submitted,

JAMES P. TUTTLE,

Solicitor.

Dated Dec. 31, 1902.

PUBLIC STATUTES.

CHAPTER 84.

LAWS IN RELATION TO AID FURNISHED TO INDIGENT
SOLDIERS, AND PROVIDING FOR ENTRANCE TO THE
SOLDIERS' HOME IN CERTAIN CASES.

SECTION 9. Whenever any person resident in this state, who enlisted in the quota of this state, and was reckoned and served as a soldier or sailor from New Hampshire in the army or navy of the United States, in the War of the Rebellion, or in the Spanish or Philippine wars, and who received an honorable discharge, not being under guardianship or legal restraint, shall become poor and unable to provide maintenance for himself and dependent family, such person, his wife, widow or minor children, or such of the children as are unable to maintain themselves, shall be supported at the public expense in the town or city of their abode, at their own home or any such place, other than a town or county almshouse, as the overseers of the poor or county commissioners shall deem right or proper, but no person shall receive aid under the provisions of this section unless he has resided in this state three years or more before making application for such aid; and no person shall, while receiving aid under the provisions of this section, use intoxicating liquor to an extent, which shall render him incapable of working at his usual occupation; and no person receiving aid under the provisions of

this section shall sell any article furnished him, nor exchange them for intoxicating liquors, nor share any such aid with any persons other than those above named as being entitled to the benefit of these provisions. Any person receiving aid under the provisions of this section, who receives a pension from the United States government, shall, while receiving such aid, apply the pension to the support of himself and dependent family, and shall, when requested, furnish to the overseers of the poor or the county commissioners satisfactory proof that such pension has been so applied. Any person applying for such aid, shall, when requested, furnish to the county commissioners or the overseers of the poor the certificate of a reputable physician, resident in the county in which he lives, as to the incapacity on his part to perform manual labor. Neglect by any person applying for or receiving aid under the provisions of this section to comply with the foregoing provisions and conditions of this section so far as such person is concerned, and such person may be supported at the town or county almshouse.

SECT. 10. The expense of support furnished under the provisions of the preceding section shall be kept and reported in a separate account under the head of "Aid furnished to dependent soldiers and their families," and not in the general pauper account, but shall be recoverable of the person, town or county liable therefor as in other cases.*

*This section was passed by the house and senate, but was omitted from the engrossed bill. Such references are made to it in the engrossed bill that it is evident the legislature intended it should be a part of the law.

SECT. 11. The county commissioners or the overseers of the poor of any town may require any person applying for aid under the provisions of section 9 of this chapter, who is eligible for admission, to make application for

admission to the New Hampshire Soldiers' Home, in case he has no family or settled place of abode, whenever in their discretion they deem it best; and if such person refuses to make such application, or if admitted refuses to go to said Soldiers' Home, the county or town shall be relieved from the provisions of the preceding sections so far as such person is concerned, and he may be supported at the county or town almshouse.

AID TO PERSONS QUARANTINED.

It sometimes becomes necessary to assist a family when quarantined on account of scarlet fever, diphtheria, etc., by reason of its being deprived of the opportunity to earn wages, or from other causes, and to provide for which the following law was enacted by the legislature, and approved March 11, 1899.

SECTION 1. Whenever any person or family is placed in quarantine by a board of health, to protect the public against smallpox, scarlet fever, diphtheria or any other dangerous, infectious or contagious diseases, it shall be the duty of said board to assist such person or family while in quarantine in such manner as in the judgment of the board may be deemed wise or necessary.

SEC. 2. All expenses thus incurred, or such part thereof as the board may determine, shall be deemed a legitimate expenditure for the protection of the public health and shall be charged to the account of incidental expenses, but not to any indigent pauper account, nor shall such expenditure be construed to mean a public aid to the person or persons so quarantined and assisted, unless such person or persons are already paupers as defined by the Public Statutes.

The above law would seem to solve, in a thoroughly satisfactory way, a question which heretofore has been

considerable of a problem in some localities. The entire matter is left to the judgment of the local board of health, and whatever aid the board may deem to be wise and necessary to extend to the families in question must be paid by the town and charged up as provided for in section 2.

MONTHLY PAYMENT OF BILLS.

The commissioners have made new rules as to the payments of all claims against the county. All accounts will be settled the 10th of each month, but must be presented to the commissioners on or before the 5th, so they can be examined and audited. All claims must be approved by the heads of the several departments, and all pauper bills from the towns certified to by the Overseers of the Poor, before they will be allowed by the commissioners.

They (County Commissioners) shall have the charge and care of county paupers and shall provide for their support upon the county farm or elsewhere as provided by law, and when expedient they may appoint agents in the several towns to investigate applications and look after the county poor in such towns.

Approved, Feb. 28, 1901.

An act in amendment of Chapter 27 of the Public Statutes relating to County Commissioners.
